

Thank you for shopping embe!

We appreciate your support of small businesses! Below instructions for your paper crown.

Application instructions:

1. **Adhere** – Add adhesive (i.e. glue, rubber cement, Mod Podge) to one end of the crown. Match the end to the closet rosette to continue the pattern. Allow crown to dry completely. Tip: Use paper clip to hold the ends together while it dries :)
2. **Hole-punch** - Using a single hole-punch, punch out two holes, equal distance from each other, about ¼” from the bottom.
3. **Insert** - Using a narrow headband, insert one end through both of the holes.
4. **Adjust** – Slide the crown to the desired position.

Care instructions: The crown is NOT meant to be a lasting accessory as it is made of paper. You can extend the life of it by putting it away when not in use :)
